FRED CHARLES IKLE - SUMMARY

Captioned individual, who you advised was born August 21, 1924, at Senedon, Switzerland, and resides at 1467 Amalfi Drive, Pacific Palisades, California, has not been the subject of an investigation conducted by the FBI.

Our files, however, reveal that during a security-type investigation conducted by the FBI in 1969, a 236-page program for the Second National Conference of The Congress of Scientists on Survival, Inc., which also is known as the Scientists on Survival (S.O.S.), held June 14-16, 1963, at New York, New York, listed one Fred C. Ikle, Center for International Affairs, Harvard University, as being the Chairman of the panel on Effective Methods of International Negotiations. The S.O.S., allegedly a Communist Party (CP) front, was organized in 1961 in New York City "to use revelant scientific disciplines in a positive program for world disarmament peace." The investigation was directed solely toward establishing the extent of possible CP infiltration of the S.O.S., and no further derogatory information concerning captioned individual was developed. (100-442365-20)

During a security-type investigation conducted by the FBI in 1972, captioned individual was determined to have resided at 1467 Amalfi Drive, Pacific Palisades, California, since March 7, 1968, and was employed by the Rand Corporation in Santa Monica, California. On several occasions Ikle was interviewed by the FBI concerning the Daniel Ellsberg case but no derogatory information was developed involving Ikle. (100-46149-3)

The central files of the FBI, including the files of the Identification Division, contain no additional pertinent information concerning captioned individual based upon background information submitted in connection with this name check request.

A full field investigation has been initiated on Fred Charles Ikle and the results will be forwarded to you upon completion.

Per request of [redacted] Staff Assistant (Security).
